On-Campus assistance available June 15 to July 10 with afternoon Unit Test supervision by appointment through August 1

☐ Repeating for better grade

☐ First time

\$500

SUBJECT REQUESTED: _____

ACKNOWLEDGEMENT

I, the undersigned, am the parent or legal guardian of the student named on this application. I understand that once a student has been accepted and enrolled in a program all fees become non-refundable regardless of the actual number of days attended, if any. I understand that I am applying for a program with limited availability, and that my deposit check will be returned to me in the event that my student is still on the waiting list when the summer session begins.

Parent Authorization/Medical Release: The information provided is correct to the best of my knowledge, and the student has my permission to engage in all prescribed activities, except if noted by me. In the event that I cannot be reached in an emergency, I hereby give permission to the physician selected by the school representative to secure and administer treatment, including hospitalization, for my child as named above. In the case of sickness or accident, I hereby give permission to the emergency medical personnel selected by the school representatives to order x-rays, routine tests, treatment, dental work, and necessary transportation for the recipient at my expense. This form may be photocopied for use away from the main program site when travel is involved. All photos that are taken of my child may be used for promotional purposes.

I understand that completion of the math classes for credit require:

1. A report card showing the student's current grade in the prerequisite class. (Not required for currently enrolled students.)
2. An initial at-home quiz to verify correct placement level.
3. Easy, but necessary, preparation work once given access to the online math program on May 1. If a student cheats or gets outside assistance with the preparation, the student may start the in-class section too far behind to pass the class without heavy homework assignments. Students who do the preparation work on their own typically finish the in-class part on time without the need for afternoon homework.

Other subjects may require an hour of homework each day, depending upon how effectively the student uses the morning time.

Typically, 19 out of 20 students pass the **for credit** classes. Over the past 15 years, **the only students who have not passed** the math classes for credit are those who managed to deceive their parents about their progress during the online preparation period, May 1 to June 15.

I fully and forever RELEASE, WAIVE AND DISCHARGE and COVENANT NOT TO SUE, Cambrian Academy from any and all demands, claims, actions, suits, damages, losses, liabilities, costs and expenses arising, directly or indirectly, in connection with my child's participation in school-sponsored activities from any cause whatsoever (including, but not limited to, damage or loss of property, bodily injuries, medical treatment and death), whether or not foreseeable or contributed to by the negligent acts or omissions of Cambrian Academy or others.

I shall INDEMNIFY AND HOLD HARMLESS Cambrian Academy for and from any and all demands, claims, actions, suits, damages, losses, liabilities, cost and expenses arising, directly or indirectly, as a result of my child's intentional or negligent acts or omissions from any cause whatsoever (including, but not limited to, damage and loss of property, bodily injury, medical treatment and death), whether or not foreseeable or contributed to by the negligent act or omissions of Cambrian Academy or others.
