WASC *Commendations:*

Commendations received from the Accrediting Commission for Schools include:

"The school's leadership team and individual staff members are enthusiastic about their work and demonstrate a caring commitment to each student's learning."
"The school's mission and purpose are strongly supported by communications, quality of instruction, teacher accessbility, and the provision of a nurturing environment for learning."
"The seminar instructional approach strongly supports problem solving and deeper thinking for students."
"There exists a 'can-do' attitude at Cambrian that supports future growth for both the school and its individual students."

In 2018, Cambrian Academy was awarded another 6 full years of accreditation (the maximum term).

REASON 21 COMMITMENT

COVID-19 Couldn't Stop Us

We were prepared. Students took their books home on Friday, March 13, and classes resumed remotely on Monday, March 16.

We were also prepared to re-open for in-person learning.

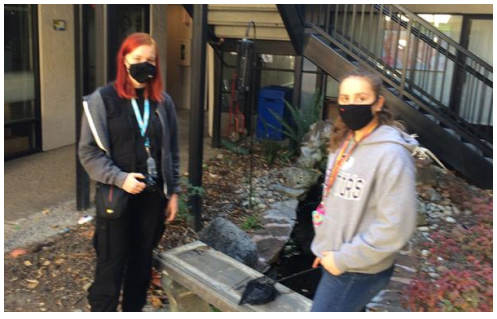
In-person learning is very important to both the academic and social development of children, and we are committed to remaining open for in-person learning.

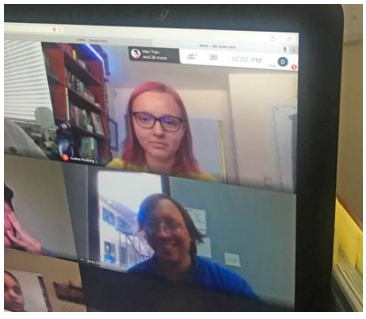
Our high quality remote learning will remain in place for students who are at risk or who have at-risk household members.

We Value Your Trust

With the State and County prohibiting tours and Open House events, many of the **parents of students who joined us for 2020-2021 haven't even been inside the building.**

However, these parents are happy with their children's progress, as evidenced by **100% of them having already re-enrolled for 2021-2022**. Video testimonials will be available soon.





Welcome! We are looking forward to having you as part of the Cambrian Academy family.
