Cambrian Academy
COLLEGE PREPARATORY

We are offering a very special deal to our early international applicants.

For years, Cambrian Academy has been one of the highest-ranking private schools in the Silicon Valley area.

I recently compared our tuition with that of schools that rank above and below us. Even 5, 6, and 7 cost much more.

For 2027-2028, we are increasing our tuition and reinvesting it back into our program.

Tuition Rate for the top Seven Private High Schools		
#1	Castilleja (all-girls school)	**$67,750.00**
#2	Khan Lab School (no significant F1 population)	**$38,500.00**
#3	Harker (no significant F1 population)	**$66,950.00**
#4	**Cambrian Academy** *Strong international (F1) student program since 2009* *International students work alongside local students.*	**$22,500.00**

#5 **$49,130.00** #6 **$67,000.00** #7 (all girls Catholic) **$28,880.00**

Because you inquired early, you are receiving a special offer before the tuition increase.

By applying early and passing your F1 interview by January 8, 2027, your 2027-2028 tuition will be locked in at the current rate of $22,500.

Meeting the following deadlines will lock in the current tuition rate for 2027-2028.

- Submit complete application by November 20, 2026.
- Return a signed enrollment contract and first payment by December 4, 2026.
- Attending your Consulate interview in December (This leaves time for a second interview if necessary.)
- Have an approval by January 8, 2027.
- Make the second payment by January 15, 2027.

We understand that the visa is not issued until 120 days before the start of the school year, but obtaining approval in advance makes it easier for everyone.

Applicants who are not ready to apply or who want a tour or have more questions can still apply. We anticipate the tuition for those to be **$26,500**. The new tuition rate has been published.

The purpose of this offer is to save us administrative time during the busy spring term when our focus is on preparing our seniors to transition into their upcoming college life.

Also, completing the F1 interviews before February means the Consulate and interview officials will not be as rushed and approval rates are much higher. Knowing how many F1 students are already approved for the fall helps us with planning.

If the Virtual Tour (LINK), our 100% college placement track record for the past 18 years, our reputation, and our high ranking by NICHE.com are enough for you to make your decision, please complete and submit this application before the end of the day, November 20, 2026.

Sincerely,

Dave Delgado,
Headmaster/PDSO

Offers of admission will typically have an expiration date, after which the space may be offered to another applicant. This is in part because space availability is so limited. The sooner we fill the allotted spaces with committed students, the sooner we may begin detailed planning for the upcoming year. We work hard to provide the best customized program possible for each student.

*We do not require students to attend any particular college after graduation. However, we expect students to make their final decisions **after** receiving the best college admission and scholarship offers possible.
